REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1 and 18 have been allowed because prior art of record fails to disclose or suggest a vapor compressing system comprising, in combination, a refrigerant line with valve bypassing the heat rejecting heat exchanger and directly from the discharge of the compression device into the inlet of the expansion device; a sensor that detects a defrosting condition of said heat accepting heat exchanger, and a control that opens the valve when the sensor detects the defrosting condition to allow the refrigerant to flow through the valve.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
